3. Policy Writing.

Using the “Points Arising document from the Training session on 1st July 2015 the following issues were considered;

- A first draft of a Dalston NP showing policies was produced. From this a draft NP Vision was discussed.
- A draft “Overall Strategic Objectives” were discussed.
- A draft “Development Principles” was discussed.
- Draft objectives and policies for; Housing, Environment (Protecting our Environment), Economic Considerations (Jobs & Local Economy), and Community & Services (Improving Community and Services) were discussed, referenced against the original “Policy Areas” document with a view to reducing the number of policies to a minimum and focussing only on “Land Use” areas but including some “Non Land Use” areas where there was an identified high level of resident response to some issues.

Dalston Neighbourhood Plan

Action: All for the next meeting.

To consider the above and decide what policies should be in the plan and how to deal with the high interest issues that were of a “Non-Land Use” nature and will not be considered by the NP Inspector.

- Consider a policy referring to footpaths.

Action: PD.

Consideration of the draft policies and the reference of them to the Local Plan.

Action OR for the next meeting.

Consideration of the “Farming and Land Ownership Survey” and “The Business Survey” results, identifying any trends that could lead to a specific “Land Use” policy in these areas.

Action AB for the next meeting.

Consideration of the use of Defined Development Boundaries.

This was discussed by the group and as the trainer had mentioned their use, and the use of DDB in one of the “Passed” NP examples it was thought further thought on this should be given.

Action Lead OR and All to consider for the next meeting.

Copies of all the relevant documentation to be circulated via e-mail to all members to enable all who attend the next meeting to take part fully informed.

Action CD.

4. Date of the next Meeting
