2. Matters Arising from Meeting No 17

A general discussion around what policies should be included in the Plan. This led to a discussion concerning the Draft Plan v1.1 and the Steering Group “Goals and Objectives” document, comparing the objectives and the proposed policies within the new draft plan. It was agreed that this would need further discussion at the next meeting.

Action: All.

Using the Draft Plan v1.1 compare the policies with “Goals and Objectives” document and bring to the next meeting views on whether all the aims were covered in the Draft Plan. NB This draft is being re-written by PD and JF and as the new draft is compiled it will be circulated for all to use in this comparison work.

Consideration of the draft policies and their reference to The Local Plan. In light of the above discussion it was decided that this work would need to continue when further information was available concerning “Defined Development Boundaries”.

This was discussed later in the meeting.

In order to help with this discussion OR to look into provision of mapping of Dalston Village and the larger hamlets with a view to producing the relevant DDB. ZS and RW agreed to help with this mapping
